癌症希望基金會
HOPE FOUNDATION FOR CANCER CARE

We need you to join us in supporting cancer patients and their families!

We aim to be a second family for those facing cancer

To provide families journeying through the valleys of cancer with a compassionate shoulder to lean on, a peaceful refuge to ease their worries and fears, and a safe sanctuary for them to regroup and start a fresh journey. This is HOPE's pledge because we understand the difficulties of cancer patients and strive to provide the right help when they need it most.

Professional Services for the Better Life You Deserve

Advisory services: Provide health education and guidance by phone or by appointment about care, diet and nutrition, psychological and emotional wellbeing, sexual health, and social resources.

Educational courses: Hold cancer seminars to help cancer patients and their families understand treatments, care, nutrition, exercise, and other cancer-related knowledge.

Support groups: Professionals lead psychological, emotional, parent-child, and intimate partner group activities, helping cancer patients and their families better adapt to their new lives.

Exchanges between patients: We have established Cancer Patient Support Groups, building exchange platforms and support networks.

HOPE LOHAS Academy: Classes on topics such as yoga, qi-gong, and tambourine help cancer patients engage in more physical and social activities.

Services for recovery items: We help cancer patients build confidence inside and out with wig rentals, salon services, gifts of head scarves and chemo hats, breast prostheses and mastectomy wear services, and general style advice.

Resources and aid: Provide emergency relief aid, nutritional subsidies, Hope Lodges, medical transportation subsidies, and caregiver support.

Care activities: We host the Painting Hope art contest, and the Hearing Hope's Song concert, which soothe the souls of cancer patients and their families and offer respite from stress.

Seeking Better Societal Integration and Accommodations

Cancer Care Network: Connect hospitals and NGOs for seamless cancer care and support for patients and families.

Cancer Resource Center: Work with the Health Promotion Administration (HPA) to encourage all hospitals to establish a cancer resource center to offer one-stop services.

Cancer Treatment Accessibility: Promote policies reform to promote the treatment accessibility.

Fertility Right: We advocate for patients' rights to reproductive autonomy and knowledge and encourage hospitals to facilitate referrals.

Employment Right: Support cancer patients' right to work and foster friendly environments for patients entering or re-entering the workforce.

Improving Knowledge for More Effective Cancer Recovery

Publications:

We publish cancer education booklets and pamphlets to provide accurate cancer knowledge.

Download the publications listed above at our official website, or obtain copies by calling 0809-010-580 or visiting your hospital's cancer resource center!

Cancer Education and Information Platform:

Quickly find the cancer information you need.

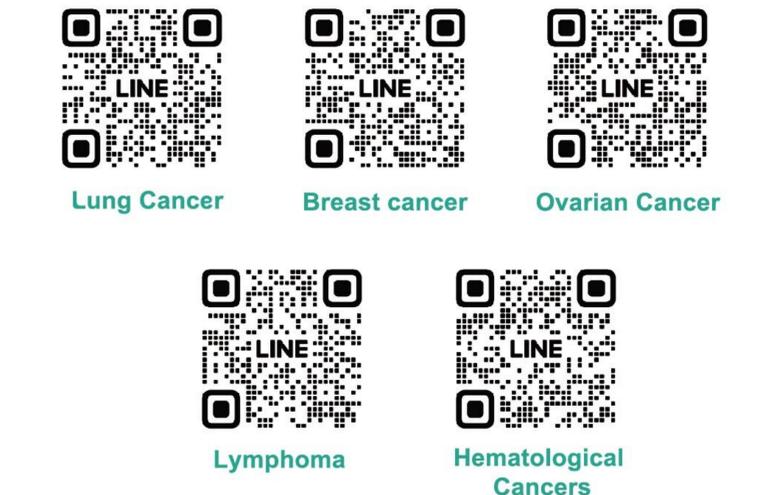

Planning Awareness Campaigns:

We educate the public about cancer prevention and raise awareness for governmental cancer screening policies.
